Nashville International Airport Accepting Valid Parking Coupons

NASHVILLE, Tenn. — Nashville International Airport (BNA) now accepts valid parking coupons from other parking areas. Valid coupons from any airport-area parking lots will be honored and applied toward parking fees accrued when customers utilize any of BNA's parking lots.

Upon exiting the airport, customers should present a valid coupon along with an airport parking stub, and a cashier will adjust the fee accordingly. Valid coupons can be applied toward parking fees accrued in airport parking lots. Limit one coupon per visit.

"We strive to provide passengers the Nashville Airports Experience through each of our services, including our convenient parking," said Raul Regalado, MNAA president and CEO. "Accepting all parking coupons allows us to extend the best value possible to customers when they utilize BNA's top quality parking facilities."

BNA has more than 13,500 available parking spaces in four lots. An additional Overflow Parking Lot is available if needed during the holidays. The short-term lot is within walking distance to the terminal. The former seasonal overflow lot, east of Donelson Pike, is now open permanently as Long Term B. The daily rate for parking in this lot is \$10.

All BNA parking lots, excluding valet, provide emergency/information phones, dedicated shuttles, Express Parc, and Frequent Parker access. BNA offers tire inflation, jump starts, and vehicle search assistance services in all parking areas. Continuous courtesy transportation in the Long Term A, Long Term B and Economy parking lots begins at 3:30 a.m. daily and ends 45 minutes past last arrival. Handicapped parking is available in all airport lots. All airport-operated shuttle buses feature a low-profile floor, or one that lowers closer to the curb. The low-profile floor is a safety enhancement and more user friendly model.

From areas west of the airport, patrons should use the I-40 Donelson Pike exit 216B to access parking. Patrons coming to BNA from points east of the airport should take I-40 Exit 216.

Daily Parking Rates

Short Term:	\$24	Economy:	\$8
Long Term A:	\$13	Remote Holiday Parking:	\$8
Long Term B:	\$10	Valet:	\$22

Frequent Parker Program

BNA's frequent parker program allows travelers to earn free parking, enjoy easier access in and out of gated parking lots, and automatically charges credit cards. The program excludes valet parking. Interested parkers or companies may register for the program online at www.flynashville.com.

More details are available at www.flynashville.com. Do not forget to sign up for *AIReport*, the airport's newsletter, while online, and tune in to the airport's radio station at 1610 AM for updates and information. Passengers may call (615) 275-1045 for information about parking changes.

The Metropolitan Nashville Airport Authority (MNA) was established in 1970, and owns and operates the Nashville International Airport (BNA) and John C. Tune Airport (JWN). For more information, please visit www.flynashville.com.
