

Office of Business Diversity Development

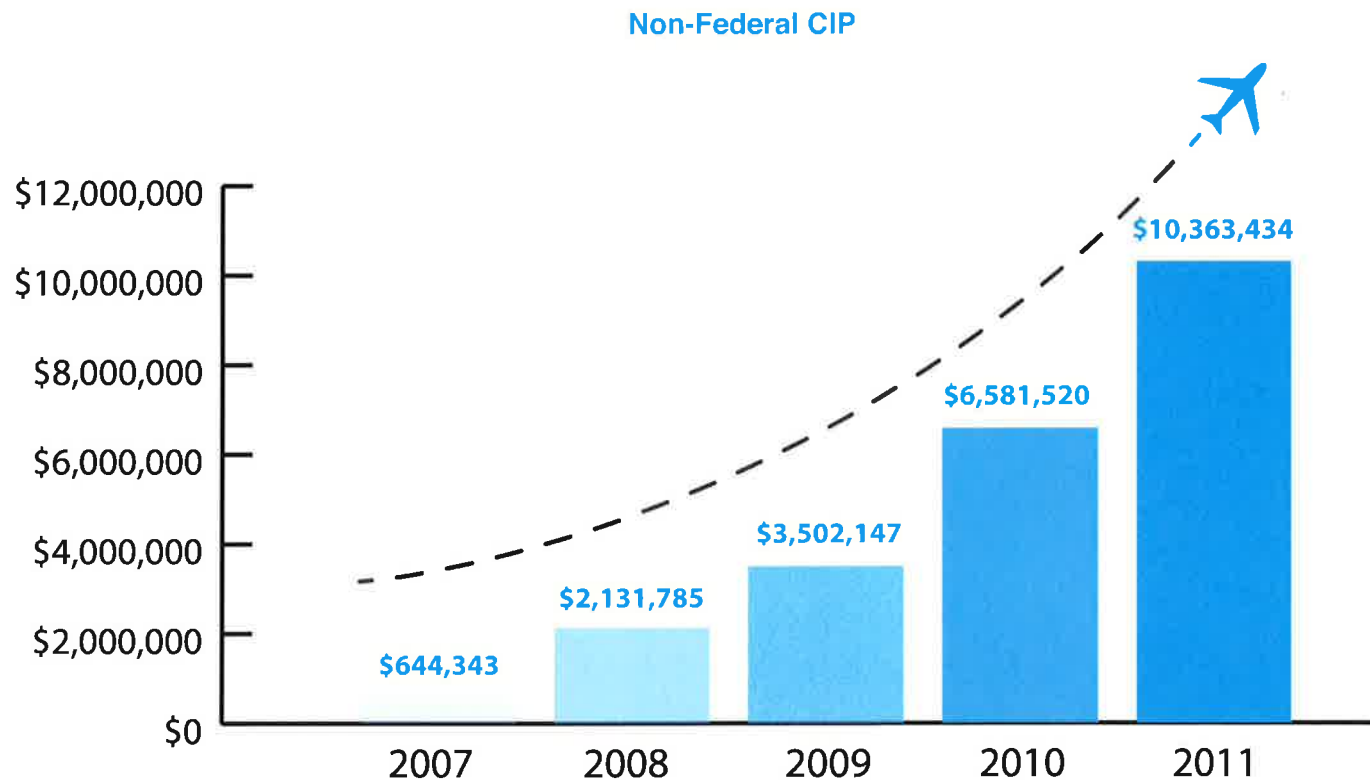

WHO WE ARE

The Office of Business Diversity Development serves as a liaison between successful prime contractors and small/disadvantaged businesses to provide contracting opportunities to firms historically underutilized in their areas of specialty.

OUR GOALS

- To promote, encourage and stimulate participation of local small, minority- and woman-owned business enterprises (SMWBEs) within the MNAA and the community we serve.
- To provide maximum opportunities for SMWBEs to participate in contracts, programs and all related business activities of the MNAA.
- To implement policies and operational procedures that will help us achieve the objectives of this program.

THE RESULTS

Expenditures to SMWBEs increased by **1,508 percent** for non-federal construction and professional projects.
